For Immediate Release

Beat the Flu This Season with the Berks VNA’s Drive Thru Flu Clinic

Wyomissing, Pa., September 25, 2018 – Partnering for the fourth year in a row with the Reading Fightin’ Phils, the Berks Visiting Nurse Association (VNA) will hold its annual Drive Thru Flu Clinic on Sunday, October 7, 2018 from 9 a.m. – 12 p.m. at the FirstEnergy Stadium at 1900 Centre Ave., Reading, Pa., 19605.

“We love to be in the community, keeping people healthy and safe from the risks of the flu. For some of our folks who struggle with mobility, what better way to get them a free flu shot than in the comfort of a family member’s vehicle,” said Interim CEO Lynann DeCusatis, Home Health Care Management, Inc., the parent company of Berks VNA, Pottstown VNA, and Advantage Home Care.

Convenience and ease are the two main goals. This service is open to the public. Anyone who needs a flu vaccine is asked to bring photo identification and insurance information. For those who are uninsured or underinsured, they will simply fill out a form for Berks VNA.

From Centre Avenue, visitors can turn onto Cathedral Street at the FirstEnergy Stadium parking lot where they will be directed to the drive thru area. For comfort and convenience, patients should wear clothing that makes it easy to access their arms.

To support this community-health event and the mission of the Berks VNA, donations can be made online at www.everythinghomecare.org. In addition to this one-day Drive Thru Flu Clinic, Berks VNA offers a number of flu clinics at locations throughout Berks County. For more information on upcoming dates and locations, please call 610-378-0481 and ask to be connected to the Wellness Department.

About Berks VNA

Since 1909, Berks Visiting Nurse Association (Berks VNA) has provided home- and community- based health care services with compassion. Regardless of ability to pay, its nurses help individuals achieve a level of physical independence and emotional well-being in their home of choice. Berks VNA is dedicated to keeping individuals healthy, safe and living independently. Berks VNA services four counties in southeastern Pennsylvania through skilled nursing and therapies (physical, occupational and speech) as well as medical social work, palliative care and hospice. Berks VNA’s specialty programs include Congestive Heart Failure Disease Management, Diabetes Disease Management, Wound, Ostomy and Continence Care, IV therapies, and Telehealth and Telemonitoring. For more information, please visit www.everythinghomecare.org or call 1-855-THE-VNAs.
